

## World 100 – Sample Questions

To prepare responses effectively for the W100 Questionnaire, please review the attached sample questions along with the specified length of answers. This will ensure you're fully prepared to tackle the questionnaire.

Now you have been nominated it's time to submit your application! Unlike submissions you may have made to any awarding bodies before, we appreciate brevity of answers as answering questions concisely can take a lot more thought. As CIOs or CTO's we have to deliver complex information succinctly which in itself is a skill.

As Winston Churchill said *"If you want me to speak for two minutes, it will take me three weeks of preparation. If you want me to speak for thirty minutes, it will take me a week to prepare. If you want me to speak for an hour, I am ready now."*
